Dear Senator Roth

I have just received a letter from Mr. Hodding Carter II at the Dept. of State concerning Mr. Wallenberg of whom I wrote you recently.

He said that the Swedish Govt & Swedish Red Cross were taking care of the matter and that was sufficient (in so many words).

I realize that as a Senator there are things that you can and cannot do. If there is any other avenue open to you would you please do what you can.

I sent a letter to Mr. Carter II returning his letter and telling him that I was not satisfied with his answer and that I was willing and able to help correct this situation this fall and in 1980.

Senator Roth, I have more than a casual interest in how this country goes politically and economically, especially since I have children. I have followed your actions in the news and heartily agree with most of your views and believe they are motivated by other than political expedience, as seems the case sometimes with some.

You have my full support and if there is anything I can do for you please let me know.
